Final Note by the Third Member of Council.

Subject:-

Opening of a female dispensary at Kallurkatte.

21 During the tour of His Highness the Maharaja in the Shimoga District in the month of February 1920 a petition was presented to His Highness by Mr.C.Vamana Rao and certain other gentlemen of Nagar praying for the establishment of a female dispensary at that place.

22. The Senior Surgeon who was consulted in the matter reported and its enclosures that both the District Malnad Improvement Committee and the District Board favoured the idea and that the former had also agreed to bear the entire cost for the first two years. He accordingly recommended the opening of a dispensary for a period of two years in the first instance; the initial cost of Rs.1,500/- and the recurring monthly expenditure of Rs.187/- being met from the Malnad Improvement funds, the District Board being reported to be unable to bear their usual share of the charge at present on account of the heavy demands upon their resources.

23. The Financial Secretary having also agreed to the proposal orders have been issued sanctioning the establishment of the dispensary for a period of two years from 1st July 1920 and reserving for further consideration the question of the continuance of the dispensary and the allocation of the expenditure after the expiry of the above period.

Sir,

Your most obedient servant,

Letter No.O.C.768-L.B. (19-20), dated 12th April 1920, from the Deputy Commissioner, Shimoga District, to the Senior Surgeon.

"With reference to your letter No.G.C.345-2, dated 1st April 1920 regarding the opening of a Female Dispensary at Kallurkatte, I have the honor to state that both the District Board and the Malnad Improvement Committee of Shimoga have already taken the initiative in the matter at their meetings held on the 24th and 27th instant (ultimo ?) respectively and both bodies were of opinion that the opening of the said dispensary would supply a long felt want and that a recommendation might be sent to Government. I fully agree in the above view.

2. As regards the question of cost, you are doubtful (doubtless aware that Kallurkatte being practically a village, the local Municipality cannot be expected to bear any portion of the expenditure on the new dispensary. On this very ground, I believe they have been exempted even from the payment of their quota of charges in respect of the existing local fund dispensary, the District Board having accepted the responsibility for that portion also. The District Board may, I think, be called upon to bear their ordinary share of the expenditure in course of time, but as very heavy demands are now being made on their resources just at present, I would respectfully suggest for the consideration of Government that the entire expenditure on account of the Female Dispensary may for a period of two years be met by Government out of the Malnad Improvement Budget Nagar is a very backward and distant Taluk and fully deserves this concession at the hands of the Goverment. I have no doubt the District Board will gladly take up their share of the burden at the end of the period indicated above. I am placing the matter before them at their next meeting which will be held on the 30th instant and shall communiate their views to you without avoidable delay. In the meanwhile I have requested the Sub Division Officer of Sagar to furnish me the information as to whether arrangements are possible to accommodate the dispensary as well as the lady apothecary -in temporary quarters. As regards the location of the dispensary, I

I think Kallurkatte is the more central place and should be preferred to Nagar. I think the people of Nagar have agreed to this.

I have, etc.,

The Deputy Commissioner and

President, District Board, Shimoga District.

Sir,

With reference to your letter No.C.166(M.I., dated 12th May 1920, forwarding a copy of the resolution of the Tirumad Improvement Committee, passed at their meeting of the 30th April 1920, agreeing to bear the entire expenditure on the dispensary for a period of two years, I have the honor to state that the resolution has been forwarded to Government for sanction.

I may, however, observe in this connection that from your letter dated 12th April 1920 on the subject it was understood that the District Board and the M. I. Committee had already taken the initiative at their meetings held on 24th and 27th March, respectively, and had favored the idea of opening a female dispensary at Kallurkatte and that on account of the poverty of the Kallurkatte Municipality, the cost of the dispensary may be entirely met by the M.I.Committee for two years. It was also stated that the District Board would gladly accept their share of the burden after two years and that the subject would be placed before the Board at their meeting on the 30th April 1920 and their resolution communicated. As only the resolution of the M.I.Committee agreeing to bear the entire recurring cost of the dispensary for two years has been forwarded by you, a recommendation has been made to

to Government to accord sanction to the opening of a Female dispensary at Kallarkatte for a period of two years, for the present, the entire cost being met from the funds of the Inland Improvement Committee, at the undermentioned scale.**

In the mean time you will kindly take needful steps to have buildings secured both for locating the dispensary and for the occupation of the lady Sub Assistant Surgeon or Apothecary in charge. Information on this point had also been requested for in my letter of the 20th April 1920, but your letter under reference is silent about it.
